12:15p	Boxed Lunch – Grand Ballroom Foyer

**Wifi: HHONORS**  
**Password: Hilton21**

We wish to extend our sincerest appreciation to all the presenters that have contributed to the success of ESLETS.

***“Prioritizing Officer Wellness”***

Lisa M. Endee, MPH, RRT-SDS, RPSGT, FAARC, Clinical Associate Professor  
lisa.endee@stonybrook.edu  
Stony Brook University, School of Health Professions

Russell Rozensky, MS, RT, RRT-SDS, RPSGT, CPFT, Clinical Associate Professor  
russell.rozensky@stonybrook.edu  
Stony Brook University, School of Health Professions

The deleterious consequences of sleep deprivation on officer health, safety, and job performance has the potential to extend beyond the officer to the individuals they are meant to protect. Education about sleep health is vital to improving outcomes for law enforcement personnel and the communities served. Action plan development and academic based strategies to promote healthy lifestyle practices covered.

***“Current Fraud Trends with Documentation”***

Sr. Investigator Adam Geleta, NYS DMV DFI  
adam.geleta@dmv.ny.gov

Sr. Investigator Shawn Taylor, NYS DMV DFI  
shawn.taylor@dmv.ny.gov

Bringing to light all the fraudulent temporary registrations and other documents that the New York State Department of Motor Vehicles is currently seeing and what the road officer needs to know regarding them.

### ***“Everything You Need to Know About Cannabis”***

Trooper Ryan Hutton, Missouri State Police, Owner, Extract-ED  
training@extract-ed.com

Due to the trend of legalizing cannabis, it's important law enforcement and private entities increase their knowledge of cannabis and potential products produced from it. During this training, you will learn about the different types of cannabis plants and how they are identified, how cannabis extracts are made and used, and how cannabis is broken down in the body.

### ***“#drive2Bbetter Campaign”***

Lindsay Tomidy, Stop DWI Coordinator & Office of Traffic Safety Supervisor – Monroe County  
lindsaytomidy@monroecounty.gov

#drive2Bbetter Campaign emphasis the “3 S’s”, Slow, Scan & Space, to show how driver behavior can help in making our roads safer for all users. Monroe County became a high priority area in regard to pedestrian and bicyclist safety.

### ***“Car Gatherings, Sideshows & Drag Racing”***

David Regina, Inspector, Suffolk County Police Department  
david.regina@suffolkcountyny.gov

Bringing light to current issues relating to illegal car gatherings, sideshows and drag racing that are plaguing our communities today.

### ***“Introduction to the County Crash Dashboard”***

Heather Ipsen, Crash Analyst Liaison, Governor’s Traffic Safety Committee  
heather.ipsen@dmv.ny.gov

The county crash dashboard is a user-friendly, comprehensive platform that allows agencies to interact with their local crash data. Learn how to use the dashboard to analyze crashes and determine prevalent locations, day of week, time of day, and contributing factors to efficiently and easily create a data-driven roadmap to crash reduction, provide targeted educational outreach, and improve deployment of resources to address local traffic safety issues.

***“On the Road to Autonomous Vehicles: Considerations for Law Enforcement”***

Terry McDonnell, Staff Sergeant (Ret.), New York State Police  
mcdonnelhome@yahoo.com

Vehicle safety technologies are developing rapidly on the way to full autonomous driving. This session will provide some considerations for law enforcement in their investigations today and a measure of where developers are on the road to driverless cars and trucks.

***“Keeping Law Enforcement Officers Safe – A Review of the Data”***

Nicholas Breul, Metropolitan PD of DC (Ret.), Sr. Project Manager – National Law Enforcement Memorial Fund  
nbreul@nleomf.org

A review of fatal law enforcement crash data and the steps to take to prevent them, keeping our law enforcement officers safe.

***“Emotional Survival for Law Enforcement”***

Deputy Chief (Ret.) Robert White, Flagstaff Police Department, National Academy Associates, IACP, E-S Press

Emotional survival training provides officers with the techniques and strategies necessary to promote a healthy life after consistent exposure to tragic, negative, and violent events.

Special thanks to the Empire State Law Enforcement Traffic Safety Conference Committee,  
for their professionalism, hard work and dedication to this educational conference.

**Governor's Traffic  
Safety Committee**

# Vendor Guide

## **DIVAL WNY Fire and Hospital/ Medical Sales**

Jim Dick

O: 716-874-9060 ext 3142 | C: 716-523-1556

D: 716-710-3142 | F: 716-874-4686

[jdick@divalsafety.com](mailto:jdick@divalsafety.com)

It all started in 1977 when two hard working entrepreneurs, Joe DiMaggio and Chuck Vallone, began selling gloves and rain suits out of the trunk of their car. Fast-forward over 40 years and DiVal is now a premier B2B distributor of safety equipment, industrial and contractor tools & supplies, and maintenance, repair and operating (MRO) products. DiVal has also added product testing, service, and repair, as well as training, motivational speaking, and event operation to its tool belt. In addition, DiVal has spread around the country with 11 different locations and plans to expand even further.

## **FEDERAL SIGNAL**

Joe Golembiewski

716-720-0097

[jgolembiewski@fedsig.com](mailto:jgolembiewski@fedsig.com)

[www.fedsig.com](http://www.fedsig.com)

Federal Signal is The Driving Force™ behind the technology that provides safe and reliable emergency warning for safe responders. It is our commitment to engineer the most reliable and high-performing products for your emergency vehicle.

## **FLEET REPS**

Kiel Lampe

(302) 440-2195

Fleet Reps represents the most respected manufacturers within the public safety industry including Whelen Engineering, Havis and Pro-Gard Products. Fleet Reps provides outstanding customer service, superior sales support, and total understanding of our entire product line. Our team will always take the time to learn and understand the needs of our customers.

#### **Intoximeters**

Jeff Aden, Regional Manager  
(704) 206-0950  
jaden@intox.com  
www.intox.com

Intoximeters has led the breath alcohol testing industry for over 75 years, assisting law enforcement with road safety. Our instruments are trusted throughout the US and in over 90 countries worldwide. We are the proud US law enforcement distributors of Abbott's SoToxa Mobile Test System for roadside oral fluid drug testing. Visit [www.intox.com](http://www.intox.com) for more information.

#### **Leonardo / ELSAG LPR Systems**

Stephanie Pluchino  
(845) 490-1381  
Stephanie.pluchino@leonardocompany-us.com  
[www.leonardocompany-us.com/lpr](http://www.leonardocompany-us.com/lpr)

For over two decades, our LPR technologies have been successfully aiding law enforcement with their missions designed to keep people and communities safer. Our fixed, mobile, and custom LPR solutions offer force-multiplying efficiencies for vehicle-related missions such as traffic management, school safety, finding missing persons, infrastructure security, investigations, homeland security, tolling, parking management, and others. We developed the most comprehensive ecosystem of fixed, mobile, and custom LPR solutions available from one company, backed by 24/7/365 customer support.

#### **L – TRON CORPORATION**

Julianne Pangal  
(585) 383-0050 (x115)  
[www.L-Tron.com](http://www.L-Tron.com)

Headquartered in Western NY, L-Tron has been working with and for public safety, law enforcement, and government agencies across the nation for over 25 years. Our flagship products, the 4910LR Driver's License Scanner and the OSC360 crime and crash scene system were built directly from law enforcement feedback. We are ISO:9001 certified and pride ourselves on 100% quality and customer service. "Your Success is Our Purpose!"

## **New York State Department of Health**

Section Chief, Injury Prevention Programs  
Bureau of Occupational Health and Injury Prevention  
Jennifer Hogan, MS  
(518) 402-7900  
[jennifer.hogan@health.ny.gov](mailto:jennifer.hogan@health.ny.gov)

The Bureau of Occupational Health and Injury Prevention (BOHIP) subject matter experts have in-depth knowledge of injury priority areas and associated prevention strategies. They also have established a strong network of collaborative relationships with other national, state, regional and local agencies, and not-for-profit organizations. Subject matter experts collaborate with transportation and traffic safety professionals to coordinate engineering, enforcement, and education efforts across the state. BOHIP provides data and injury prevention education to compliment partner agencies' engineering and enforcement strategies. Program components run by BOHIP include Traffic Records; Pedestrian Safety; Occupant Protection (Children ages 0-12 and Teen Drivers); Drowsy Driving; Motorcycle Safety; Older Driver Safety; Bicycle and Other Wheeled Sports; and Micromobility. BOHIP considers Diversity, Equity, and Inclusion in all program planning.

## This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.
