

LIMS Completed Lab Report Distribution Procedures User Guide

Version 3.0
February 2021

The New York State Police Crime Laboratory System is implementing a new method of retrieving laboratory reports utilizing the eJusticeNY portal. The procedures outlined below will be used to access and download reports.

Access to the lab report is based on each agency's ORI and eJusticeNY account.

The laboratories will no longer provide hardcopy reports with raised seals. If Criminal Procedure Law 190.30 certifications are required but not available when the report was generated, please contact the Lab.
