

 State Police	<h2 style="margin: 0;">Biological Science Additional Testing Request</h2>	
	Date: _____	

Instructions:

- Complete this form when DNA/Serology results have previously been issued for the case and additional evidence testing is requested.
- Refer to the Biological Science Evidence Submission & Testing Limits Policy for evidence item limits by case type (See Biological Science Casework Evidence Submission & Testing Information document located on the NYSP Public Website at: <https://troopers.ny.gov/biological-science-casework>)
- Enter reason(s) for additional evidence testing of all requested items; failure to do so will delay any decision on additional testing and may result in rejection of the testing request.
- This form will be reviewed by Case Management staff in the Biological Science Section. Questions regarding evidence submissions can be emailed directly to a Case Manager at Biosci-CMGT@troopers.ny.gov.

Law Enforcement Requestor (To be completed by LEAs/Prosecutors)
