POSTING DATE: 10/22/2024

APPLICATION DUE BY: 11/12/2024

Title: State Police Intelligence Analyst 1, SG-18
Starting Salary: \$65,001.00

Locations: Various

Salary Grade: 18

Employment Type: Full-Time

Work Days: Various

Union Representation: PS&T

The State Police Intelligence Analyst 1 will analyze and collect various types of information, intelligence, and data received by the New York State Police related to counterterrorism and criminal activity. State Police Intelligence Analysts may be required to work shifts with varying pass days, including HOLIDAYS and WEEKENDS.

DUTIES

- Researches, analyzes, evaluates, and correlates criminal intelligence information to determine source reliability, accuracy, and integrity. Distinguishes patterns and trends from disparate pieces of information and intelligence.
- Works as part of a team providing investigative support for criminal and terrorism investigations.
- Follows all procedures related to the proper handling of sensitive law enforcement information.
- Uses software tools to analyze data and data sources to benefit law enforcement investigations.
- Tests and validates computer hardware, software, and analytical tools using established procedures.
- Collects and disseminates intelligence data, and shares those data resources.
- Conducts peer review of other State Police Intelligence Analyst's analysis and findings.

- Composes descriptive intelligence reports using analytical techniques and methods that document research, analysis, and tools utilized in investigative support and intelligence analysis.
- Serves as a liaison with internal and external groups and individuals to provide analytical assistance.
- Responds to major criminal investigations by providing information sharing support to federal, State, local and tribal agencies.
- Provides oral and written briefings on current criminal threat environments and other topics as requested.
- Organizes and maintains sensitive, and open source case data, databases, and files.
- Testifies in courtroom proceedings as required.
- Completes computer hardware, software, and electronic research to locate information and data that can be utilized to further the investigation process.
- Reviews current best practices and attends seminars, courses, or professional meetings to stay abreast of developments within the fields of intelligence and crime analysis. Attends meetings, conferences, trainings, and seminars to advance knowledge.

MINIMUM QUALIFICATIONS

- Non-Competitive: bachelor's degree*, or an associate's degree* and two years of experience**; or four years of experience** in intelligence analysis for a governmental entity.

Substitution: a master's degree may substitute for one year of experience.

*Qualifying degrees include the following or closely related fields: psychology, criminology/criminal justice, law, sociology, geography, geographic information systems, military studies, mathematics, telecommunications, chemistry, language (various), global studies, history, or intelligence studies.

**Experience: Critical data or intelligence analysis, including open-source intelligence research with preparation and presentation of intelligence reports and briefings for an organization in the military, private or public sector; conduct of homeland security, terrorism or counter terrorism analysis and assessments in a law enforcement, intelligence, or homeland security organization. Consideration may be given to those candidates with prior related experience in intelligence and analysis and/or those candidates with prior experience conducting and/or assisting with retail theft investigations.

After training and an initial probation period, these positions can be considered for remote work in line with New York State and Division standards.
